1. The rumors about the presence of Chinese in Rumania is greatly exaggerated. There are currently some Chinese workers in farm work and many of them may eventually be given work in the mines and in heavy industry.
2. Many troops, however, recently arrived at the military post in Craiova wearing Russian uniforms although it is obvious that they are Chinese. In the unanimous opinion of the populace there, there is no doubt that the troops are not Russian Mongolians but true Chinese elements.
